PROFILE

Software developer with 12+ years of professional experience, including 5 years in technical leadership. Transitioning into game development with a focus on Technical Art. Currently studying Game Design and Programming at Escuela Da Vinci. Interested in combining programming and art to create tools that make the team's work easier.

PROFESSIONAL EXPERIENCE

Envíopack | Technical Leader / Full Stack Developer | Feb 2020 - Sep 2026

- Developed internal diagnostic and repair tools for the support team.
- Led software development teams, coached developers, and supported their professional growth.
- Reviewed pull requests, prepared technical challenges, and interviewed Frontend Developer candidates.
- Worked with UX/UI, product, and engineering teams on web interfaces, mobile apps, and integrations.

AGIP | Full Stack Developer | Jan 2014 - May 2018

Developed web applications and backend services; modernized tax documents with JasperReports.

GAME DEVELOPMENT & TOOLS PROJECTS

Relic Lab | Unity Editor Tool | Personal Project

GitHub: github.com/matt-arcadehub/Relic-Lab

- Built a C# EditorWindow with UI Toolkit for iterating on stylized materials in Unity 6/URP, with presets and a shader featuring animated emission and a Fresnel rim.
- Implemented non-destructive preview with MaterialPropertyBlock, apply/discard controls, and material variant saving; modeled three relics in Maya and staged the showcase scene.

Eulaan: Guardian's Path | Pre-Production Art

ArtStation: artwork/ayyDZ2

Character turnaround and environment and prop assets for one level.

Elixir: Hasta la última página | Collaborative Game Project

Itch.io: mattdavinci.itch.io/elixir-hasta-la-ultima-pagina

Handled most of the visual programming in Event Sheets and organized the project structure; integrated state-based animations, audio playback, and balanced SFX levels.

SKILLS

Technical Art & Tools: Unity, C#, Unity Editor API, UI Toolkit, URP, Shader Graph; HLSL (currently learning).

Game Art & Production: Autodesk Maya, Adobe Photoshop, Substance 3D Painter, concept art, basic 3D modeling, 2D animation and rigging, audio integration.

Software & Collaboration: Git, software architecture, debugging, code review, technical documentation, JavaScript, TypeScript, React; collaboration with UX/UI and product.

EDUCATION & LANGUAGES

Game Design and Programming | Escuela Da Vinci | 2026 - Present

Video Game Art Course | Escuela Da Vinci | 2025

Bachelor's degree in Information Systems Analysis

Instituto de Formación Técnica Superior N.º 21 (IFTS 21), Argentina | 2017 - 2021

Languages: Spanish (native) · English (B2)
